Introduction

The study of Latin could be one of the most important subjects for a student because of its close ties with the English language, and because of its continued use in the Traditional Roman Catholic Church.

This study will require a great deal of memorization and verbal practice of assigned material. As teaching aids, it is suggested that the student have available to him or her, a traditional Mass missal which will contain a large amount of Latin. Attendance at a traditional Latin Tridentine Mass will assist the student in the pronunciation of the Latin language in addition to the graces the student will receive from attendance. We encourage students to read the history of the early Roman period. Reading biographies or lives of the saints may also be helpful. There is a Latin-English vocabulary and an English-Latin

Vocabulary in the back of the *Henle Second Year Latin* textbook.

Our Lady of Victory titles this course **Latin III** because in our program, *Henle First Year Latin* textbook is divided into two years – **Latin I and Latin II**.

The textbooks used for Our Lady of Victory's Latin III course will be the *Henle Second Year Latin* and *Latin Grammar*. They are coordinated textbooks. All referenced **Latin Grammar assignments** should be completed. We recommend that all **Second Year Latin** exercises be completed. **Some of the easier exercises can be done orally, but be sure to write down the grade for those done orally.**

The student will also study a vocabulary list, which is taken from the Church Latin textbook titled, *Latin Grammar* by Scanlon and Scanlon. The object of that book is for 'preparation for reading the missal and breviary.' A list of the vocabulary will be found in the Church Latin Vocabulary Booklet III.
